# ***THE CHALLENGE OF TIME***

*If the Earth's history were one day long, humans  
would appear in the last 4 seconds...*

# ***TWO VOICES, ONE TRUTH***

To educate is to  
build a relationship.

*"Children do better when they feel better." Jane Nelsen*

*"It's not enough to love the young - they must feel they are loved." Don Bosco*

***WHEN DID YOU  
HAD REAL  
AUTHORITY?***

*fear or trust?*

# WHAT WE NEED TO UNDERSTAND

- *Mutual respect*
- *Authority comes from presence*
- *No to punishment, Yes to prevention*
- *Behavior = Message*
- *Listen first, correct later*
- *Education is a relationship*

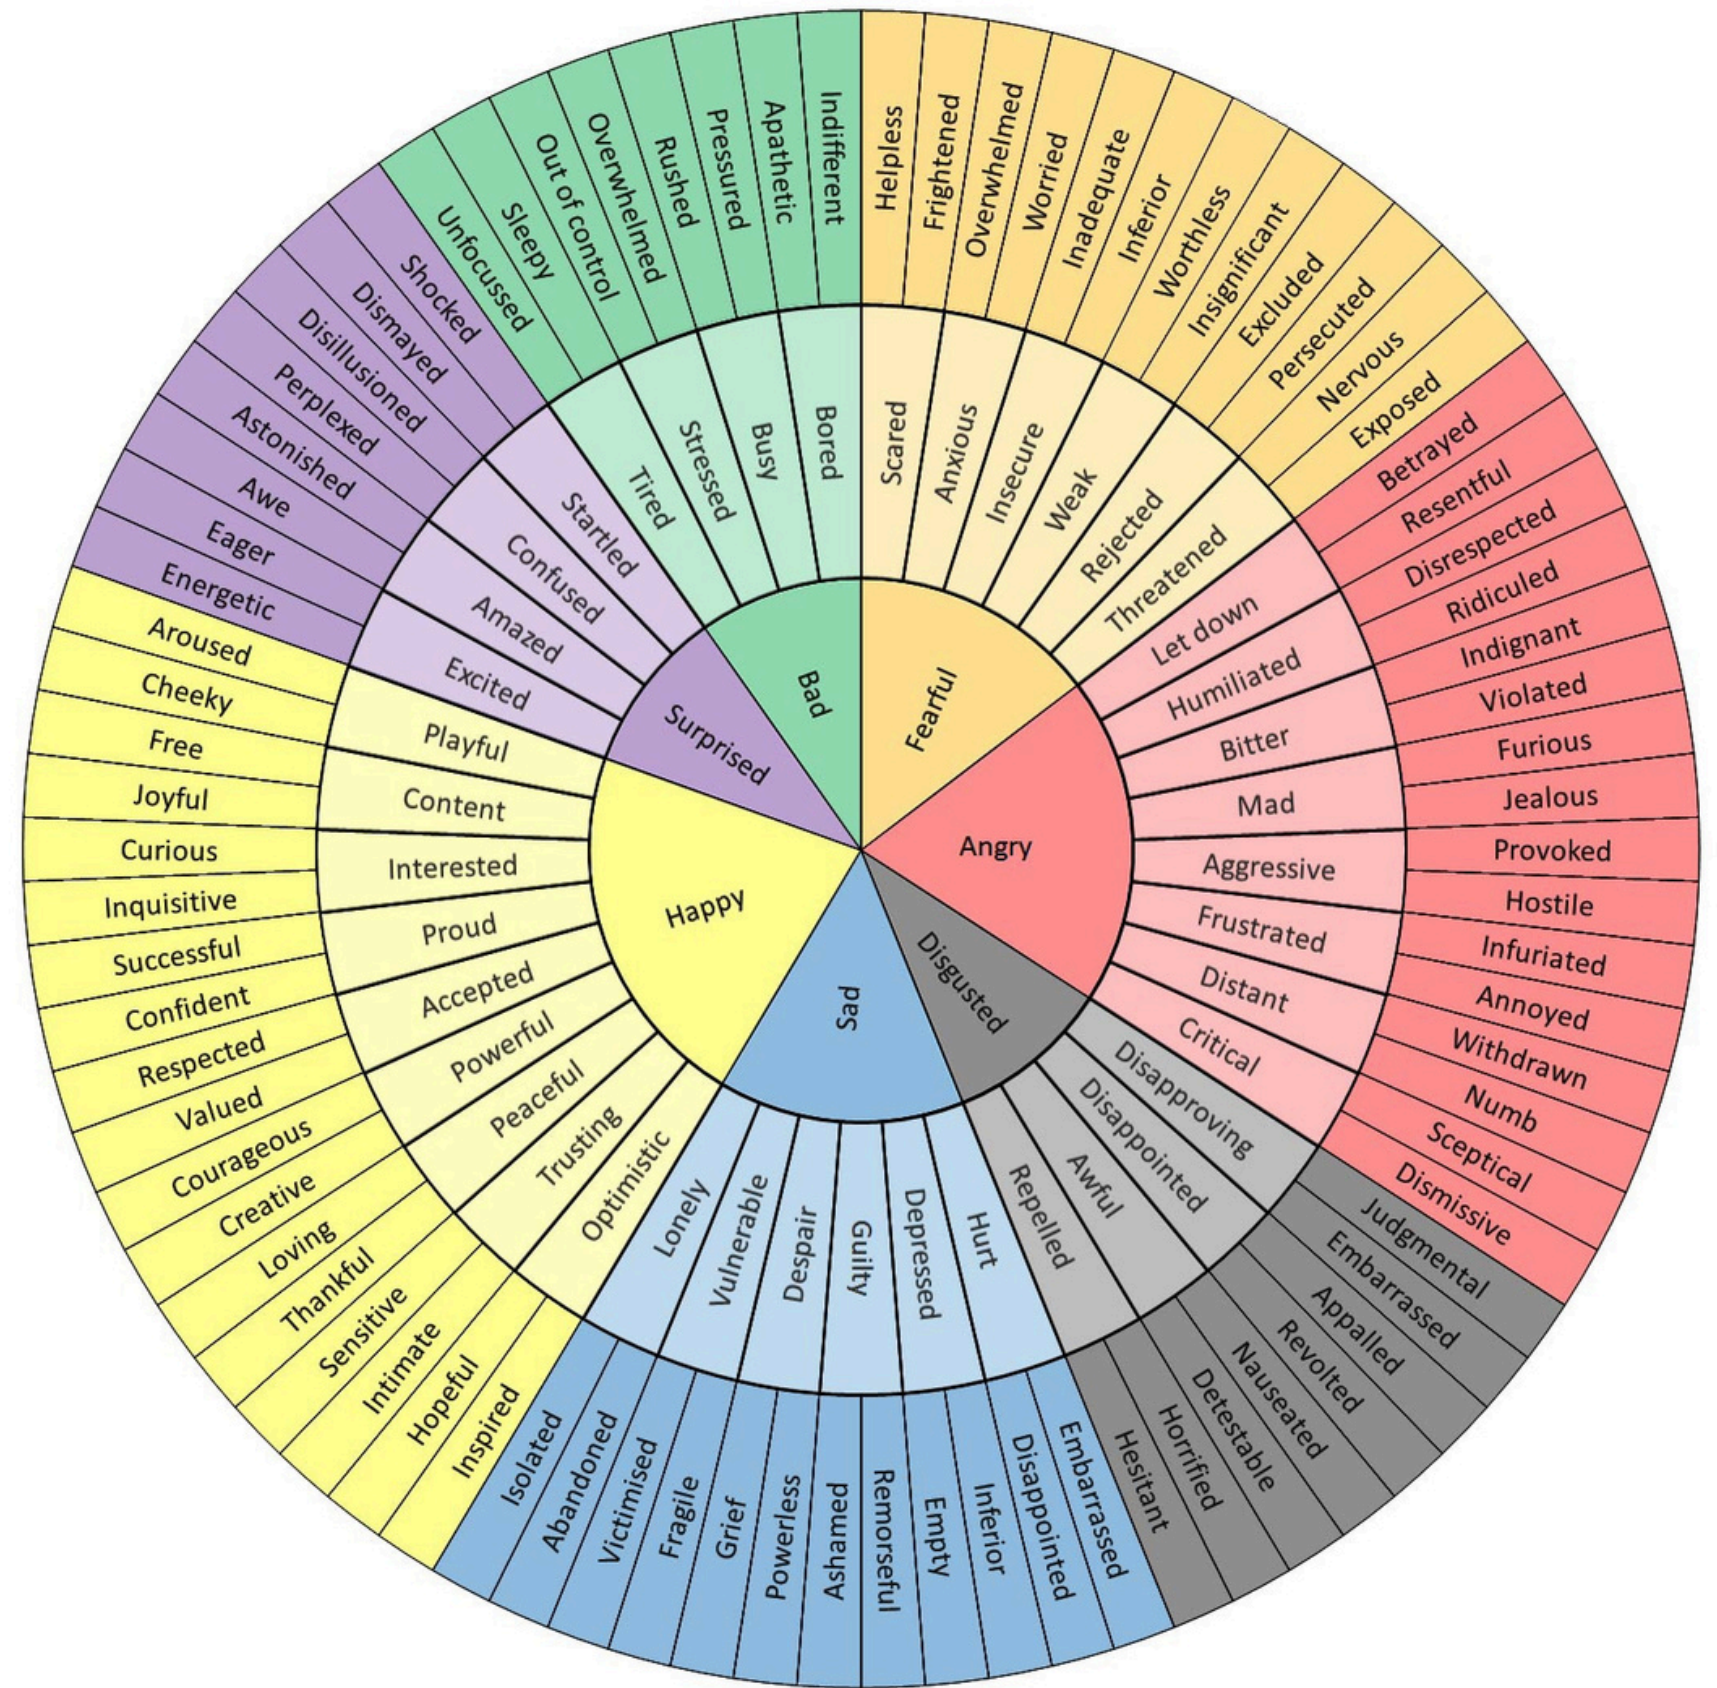

# EMOTION WHEEL

🌀 *To Feel is to Educate*

💬 *Practice:*

- *emotion in a recent conflict*
- *share in pairs*

# PAPER FAN

🌀 Fold paper into a fan

f: Dreams as a parent/educator

b: What you don't want to become

Base: Your guiding value

🌱 Reflection:

What are your essential dreams?

How will you use your "four seconds"?

*"To educate is a  
matter of the  
heart."  
(Don Bosco)*

*"Connection  
before  
correction."  
(Jane Nelsen)*

*"What kind of presence will you be...  
in your 4 seconds?"*
